No fees are included in respect of Onex capital invested in or committed to Onex Partners and ONCAP private equity funds.
- (2) Since the beginning of 2014, management fees for Onex Partners III were based on 1% of invested capital. Onex began to receive management fees for Onex Partners IV in August 2014, which were based on 1.7% of committed capital. Run-rate private equity management fees are \$154 million, which includes \$43 million of run-rate management and advisory fees that would be earned on Onex capital. Run-rate management fees include ONCAP IV, for which Onex completed fundraising in November 2016.
- (3) The management and advisory fees from Onex Capital is a pro forma adjustment and represents the additional net fees that would be earned on Onex capital if that capital was subject to the same management and advisory fees as other investors in the Onex Partners and ONCAP private equity funds.
- (4) Private equity carried interest is reported on a cash received basis. Credit carried interest and performance fees are accrued in the fourth quarter each year, since they are typically received shortly after the end of the calendar year.
- (5) The carried interest from Onex Capital is a pro forma adjustment and represents 40% of the additional carried interest that would have been received on Onex capital if that capital was subject to the same carried interest provisions as other investors in the Onex Partners and ONCAP private equity funds.
- (6) The adjustment to variable compensation is a pro forma adjustment and reflects the estimated reduction in Private Equity variable compensation that would occur if Onex Capital was subject to the same carried interest provisions as other investors. In this scenario, the Onex management team would be allocated 60% of the pro forma carried interest on Onex Capital instead of participating in Onex investments through the Management Investment Plan. The adjustment to variable compensation is the excess of 60% of the pro forma carried interest from Onex Capital over actual payments under the Management Investment Plan.
- (7) Expenses include those of the Onex and ONCAP corporate office and Onex Real Estate Partners. This schedule excludes stock-based compensation.
- (8) Credit management and advisory fees include fees of \$3 million paid by Onex in respect of its investment in Onex Credit funds (year ended December 31, 2015 - \$3 million and December 31, 2014 - \$3 million). Run-rate credit management fees at September 30, 2016 were \$41 million.

Onex receives management fees on limited partner capital through its Onex Partners and ONCAP Funds. During the initial fee period, Onex receives a management fee based on limited partners' committed capital to each fund. Following the termination of the initial fee period, Onex becomes entitled to a management fee based on limited partners' invested capital. As realizations occur in these funds, the management fees calculated based on invested limited partner capital will decline. In November 2016, ONCAP completed fundraising for ONCAP IV and Onex is entitled to management fees based on 2% of limited partners' committed capital. In August 2016, the commitment period of ONCAP III ended and Onex' entitlement to management fees changed from being earned based on 2% of limited partners' committed capital to being based on 1.5% of limited partners' invested capital. ONCAP run rate fees presented in U.S. dollars based on the September 30, 2016 exchange rate of 1.3117.
